Also, we're going to try to have the park restrooms open. But if we start having them abused, we will be forced to have to close them again. If you are there and you see someone vandalizing them, please let us know. We are looking at putting up cameras to help with this. We have plans on making the park a better place. This is a process that will take the community's help as well.

Please continue to remember that we need to keep the easements clear of any debris, so the workers will have excess utilities. If something is obstructing the way the city will hire someone to remove it at your cost.
