## FEBRUARY 2025

**We will be having a BULK PICKUP on March 13<sup>th</sup> (Thursday), If you have anything you need picked up please call the day before March 13<sup>th</sup> at Waste Connections 877-592-5030 and give them your address so they can put you on the list. This service is only for customers that receive a water bill.**

City Council has plans to begin recognizing YARD OF THE MONTH!!!! To qualify, yards will need to be tidy with well kept foliage and lawn. The city will provide a sign for the yard.

### **Please be mindful:**

**We would like to remind everyone that is connected to the city sewer to Please be mindful of what you are flushing down your toilets into our City Sewer lines. We are seeing an increase in issues at our treatment plant due to clogs from things being flushed that shouldn't be! This increases our man hours and supply costs which gets passed on to the customer. To help avoid this we ask everyone to please do their part. \*\*JUST BECAUSE IT SAYS IT'S FLUSHABLE DOESN'T MEAN IT IS! \*\*Our lines are only made for human waste and toilet paper. Our lines are not made to withstand gloves, baby wipes, shop towels, paper towels, bed sheets, bath towels, clothing, etc. We appreciate your attention to this matter.**

**We are having several business telling us that there's people dumping items in the dumpsters. Some businesses are okay with residents using the dumpsters, but some are not, if you do use a business dumpster please consider dumping small items and not large items that could cause the trash truck not able to empty that business trash.**
